To whom it may concern,

....., a pupil at your school is attending the Dutch school once a week.

The benefits of children accessing their heritage language and culture are well documented.

The Dutch School in Auckland is a formal education institute subsidised by the Dutch Ministry of Education, and as such is audited for meeting Dutch education standards.

In order to meet the requirements set out in the curriculum, it is required that children should attend a minimum of three hours per week formal class time.

To be able to achieve this, classes need to commence at 3.00pm.

We ask that is released from class on Thursday afternoon from 2.30pm (allowing for travel time) so he/she can gain full benefit from the curriculum provided by our school.

If you have questions regarding this, please don't hesitate to contact us.

Yours sincerely,

Sabine Berkman
Principal of The Dutch School in Auckland.
